

Clara Mª Albalá Martín

ABOUT ME

As a web developer with over four years of experience specializing in JavaScript, I'm excited for the opportunity to contribute my expertise to the team. My background focuses on creating innovative web solutions, including developing plugins for the Moodle LMS, where I have contributed to the creation of my own product. My experience includes the use of specific technologies, such as the Moodle framework and React.

I'm known for my ability to solve complex problems, my proactivity, and my passion for staying up-to-date with the latest trends in web development.

I love working in teams and bringing my creativity to achieve exceptional results.

I welcome the opportunity to discuss how my experience and skills in web development can benefit your company.

Shall we talk?
